Imported Madras

Negligee Shirts

\$1.00--

Low collars in sizes from 16½ up—high collars up to 16½. The same maker made us a large quantity of percale negligees—with collars and cuffs detached—2 collars and 1 pair of cuffs with each shirt—and the price is just the same—\$1.00.

HOWARD IN THE HOUSE

Return of the Populist After Several Months' Absence.

HE MAKES EXPLANATION

Insists That He Was Ill When Last Seen on the Floor, and Denies "Cruel, Baseless Attacks" Upon Himself and His Party—Pension Bills Again Considered.

Mr. A. W. Howard, who wrote "If Christ Came to Congress," signalled his return to Congress, after an absence of several months, today, by rising in the House to a question of personal privilege, immediately after the reading of the Journal.

He said that when last present in the House his appearance had been made the occasion of a cruel, baseless attack by the press of the country. He said that in St. Louis, where he was, he was typical of the general onslaught, and he read that it stated that Mr. Howard had come into the House in a state of mental derangement, after a delirium of several days, his appearance resembling that of a tramp, and he had gone to sleep, it said, on a lounge, and had been brought back by two colored porters of the House. "This is the consummation of Howard's career," was the closing sentence of the attack.

Mr. Howard went on to explain that he had come to the House to vote on the silver bill. He had come at an early hour, and his physician, accompanied by his wife and the wife of Representative Stover, members of the party, had been with him, and they had advised his removal for that reason.

MR. HOWARD'S EXPLANATION.

Since then, Mr. Howard said, he had been confined to his room, at times near death's door, and only yesterday had been able to resume his duties on the floor. "I should not trouble the House about this matter," he continued, "but I believe it is due to the people who sent me here and the children who bear my name to announce the charge as willful and maliciously false."

Mr. Howard referred to the designation of Populists as "cranks," and said: "The principles of the Populist party are wrong, those misguided people who hold them will be brought back into the ways of truth by vigilance and abuse. The same designation is made of free silver Democrats and free silver Republicans, the only difference being that they are harmless and we are not."

"That whatever may be thought of the party to which I belong, I am a member of this House and am entitled to its protection against these assaults."

A bill was passed on motion of Mr. Wadsworth, authorizing the construction of a bridge across the Niagara River at Lewiston, N. Y.

On motion of Mr. Dingie it was agreed that when the House adjourns tonight it be until Monday next.

ADMIRAL STEVENS IS DEAD

Hero of Many Naval Engagements Expired at Rockville Today.

He Was Visiting His Daughter at the Time—Entered the Navy in 1836.

Rear Admiral Thomas Holdup Stevens, U. S. N., retired, died at an early hour this morning at the residence of his daughter, Mrs. Robert Bradley, at Rockville, Md.

Admiral Stevens, who lived in this city, No. 1804 Nineteenth street, went to Rockville Wednesday. He had been in usual health up to that time. Yesterday he was taken ill and a physician summoned. The ailment was not thought to be serious, however, and the family retired for the night.

Before daylight this morning Mr. Rowan Stevens, the youngest son, heard groans issuing from his father's room, and hastened to the bedside.

The admiral was breathing heavily, and a doctor was at once sent for. He arrived too late, however. The cause of death was stated to be acute indigestion.

The remains will be brought to Washington this afternoon, but as yet no arrangements have been made for the funeral.

A son and daughter, who are at present in New York, have been telegraphed for, and are expected here this evening. The arrangements will be decided upon.

The services will probably be held Sunday or Monday, and the interment will be at Arlington.

Admiral Stevens is survived by six children, four boys and two girls. One of the boys, Admiral Holdup, Jr., is a lieutenant in the navy, and left a few days ago to join his ship, the Cincinnati.

SENATE TAKES UP SENATOR BACON'S WARNING ABOUT THE OUTFLOW OF GOLD.

MR. HILL'S SUGGESTION

He Had the Conference Report on the Legislative Bill to Antagonize Inquiries as to Rights of the United States Under Treaties With Spain.

The conference report on the legislative, executive and judicial appropriation bill was presented and read in the Senate today, and, at the suggestion of Mr. Hill, it went over until tomorrow, as Mr. Hill desired to see the report in print, and also desired to antagonize the action of the conference committee as to United States commissioners.

Mr. Morgan offered a resolution, which went over until tomorrow, instructing the Committee on Foreign Relations to inquire as to the rights of the United States under treaties with Spain in respect to the trial of American citizens arrested in Cuba, and under sentence of death by the Spanish military tribunals, and also directing the Secretary of State to send to the Senate literal copies of the original text of the Cushing protocol of July 12, 1875, and copies of the conference report, and on its bearing towards the persons captured on the Comptrol.

Mr. Gallagher offered a resolution declaring that the widespread business depression and rapid increase of the public debt demonstrated that the existing tariff law does not produce sufficient revenue, and that a revision of the law imperatively demanded in the interests of the people of the United States. He asked that it be laid on the table, subject to his request to address the Senate on either on the resolution or on some bill that may be before the Senate, before the adjournment of the present session.

AGREED TO IT.

A resolution heretofore offered by Mr. Aldrich, directing the Finance Committee to inquire whether American labor and industries are suffering from, or are threatened with, injurious competition through importations of oriental products; and if so, to investigate the causes which have made such competition possible, was taken up and agreed to, with an amendment.

Senator Sherman, in introducing the committee report, said that the committee had reported to the Senate the result of its investigation of the tariff question, and that it was his duty to lay it before the Senate. He said that the committee had found that the tariff was not producing sufficient revenue, and that a revision of the law imperatively demanded in the interests of the people of the United States.

Mr. Sherman then read the committee report, which was received by the Senate. He said that the committee had found that the tariff was not producing sufficient revenue, and that a revision of the law imperatively demanded in the interests of the people of the United States.

GEN. LEE VISITS MR. OLNEY

Session of the Cabinet Delays His Interview With the Secretary.

Minister de Lome Denies That Spain Has Made Formal Remonstrance.

The Bermudas Last Trip.

Gen. Fitzhugh Lee has returned to Washington to receive the final instructions from the President and Secretary Olney before leaving for Havana, to succeed Mr. Ramon O. Williams as United States consul-general there.

The cabinet was in session when Gen. Lee visited the State Department, so he did not have an opportunity to see Mr. Olney.

The date of his departure will depend on the President and the Secretary of State.

Gen. Lee has no idea as to when he will start, except that it will be in a very short time. His stay in Washington will probably be brief, and when it is concluded he will be on his way to Havana.

REPORT NOT PRESENTED

A. P. A. Advisory Board Is Not in a Hurry.

MR. MCKINLEY'S TELEGRAM

It Is Expected That the Ohioan Will Positively and Directly State His Attitude Toward the Organization.

Quiet reigned about the A. P. A. headquarters this morning. It seemed generally understood that the advisory board's report would not be presented until tomorrow and even that body gave no indication of going into session. It is waiting for something, and the telegraph office is watching patiently and nervously for some indication of a telegram which has been assured will come soon. It is believed to be an answer direct from Major McKinley as to his attitude toward the A. P. A.

President Taft's statement in his annual message to the effect that Presidential candidates desiring A. P. A. endorsement must first promise to support its principles is regarded as significant evidence that the advisory board is waiting for a statement from Major McKinley.

The fact that Mr. Hanna has complied with the request of the A. P. A. to endorse its principles is regarded as significant evidence that the advisory board is waiting for a statement from Major McKinley.
